FW: Wage Data

Summary

^

- Robert Mujica sent Don Boyd hospital wage data from GNYHA and offered a call with Rebecca Ryan.
- Don Boyd acknowledged receipt, stated he would review the data on October 8th, and would be in touch with questions.
- Lynn Holland and Don Boyd exchanged brief personal messages about Don's trip.

By Gemini; there may be mistakes. [Learn more](#)

Robert Mujica

to me, Lynn

Hi Don

I've attached the data from GNYHA. If you have any questions or need further information, please let me know. We can also arrange a call with Rebecca Ryan at GNYHA as soon as possible to address any technical questions you might have, given our time constraints. Let me know how you want to proceed.

Thank you,

Robert

Subject: Wage Data

Hi Robert,

Attached is the hospital wage data by title for 2023 and 2024 from the New York State Institutional Cost Reports. The cost report instructions are also attached for information.

The file has a tab "Regions" that provides a crosswalk between the hospital operating certificate and the Department of Labor region for each hospital. You will see that a few hospitals have not yet reported 2024 data. In addition, while the schedule collects overtime,

many hospitals did not report this data. We'll need to discuss how to handle.

Finally, the data is raw (as reported). We are starting to analyze the data for a different project and will let you know if we find any obvious reporting errors/issues. Given the timing, we wanted to get this to you now so that you can see what we have access to and see if there are other things we need to try and track down.

I've copied Rebecca on my team, who can help answer any technical questions about the data.

Let us know if there are any questions.

Thanks,

Elisabeth

Whatever they think of us as a country is not affecting how they treat us as individuals.

Lynn Holland

to me, Robert

Great news on both counts!

Great!

They are doing great!

I hope so too!
